

BrightHaven is seeking an investor or benefactor to secure the animals' future

BRIGHTHAVEN REALLY NEEDS YOUR HELP

BrightHaven was founded in the early 1990's by Richard and Gail Pope, who have dedicated the last 22 years of their lives to BrightHaven Sanctuary operations. They now need to secure the future for the BrightHaven sanctuary animals, the rescue operation and its educational programs. It is now essential that an angel investor or benefactor is found to purchase the BrightHaven property, allowing the sanctuary to stay at its current location and reopen its doors to many more senior or special needs animals.

5465 Bravo Toro Lane, Santa Rosa, CA 95401
www.brighthaven.org

**The cost of this beautiful property is \$1,399,000
which will pay off the mortgage and leave the facility
free and clear for BrightHaven.**

About BrightHaven

Sanctuary

For Senior and Special Needs Animals

At the BrightHaven Sanctuary a regimen of raw [meat-based diet](#), [classical veterinary homeopathy](#), [animal Reiki](#), some conventional care, immune and organ support and lots of love have paved the way for the miracles of healing for which the sanctuary is well known. We truly believe the path of natural healing is appropriate for all seasons in the circle of life. [Sanctuary animals](#) typically live longer, healthier lives and then experience the comfort and dignity of a natural death in the arms of the ones they love. Healing and [peaceful hospice](#) journeys have thus become the BrightHaven path. This magical path led to a paraplegic dog named Ollie living to 24 years and a cat named Frazier peacefully leaving us at the age of 35 years old.

Holistic Education

For Animal Lovers

When we share our learning with the community through education outreach, we truly believe we are a small part of helping our planet become a better place in which we can all live peaceably together. Here at BrightHaven, animal lovers may find many resources, including information on [classical veterinary homeopathy](#) and [raw food diet](#), [consultations for your elderly animal](#) by Gail Pope, and [seminars](#) on animal Reiki and [other healing art applications for animals](#).

Rescue

For shelter Animals Most in Need

In 2010, BrightHaven expanded into the world of animal shelter rescue with [BrightHaven Rescue](#) operations, placing animals at risk for euthanasia into foster and forever homes. These animals are mostly elderly or have special medical concerns. BrightHaven Rescue seeks to give back to animals the unconditional love and companionship that they have offered humankind throughout their lives. In the rescue operation's time of service, BrightHaven has saved the lives of over 5,000 animals and, with the community's support, we are continuing in these endeavors. Our [Bulletin Board](#) service also offers networking opportunities via social media for community animals, enabling many more lives to be saved. "People helping People to help Animals"
